

INTRODUCING

The NEW AccessMedicine App

Exclusively for AccessMedicine Customers with Site Licenses

Now healthcare professionals no longer have to be online to connect to the best minds in medicine. Powered by Unbound Medicine, the NEW AccessMedicine App puts the resources of AccessMedicine in the palm of your hand 24/7 – and delivers indispensable support and invaluable point-of-care solutions for clinical practice through these innovative digital features:

- **Quick Medical Dx & Rx** – Perfect for high-yield review or for quick reference in the clinical setting, this unique collection features concise evidence-based outlines of conditions and disorders most often encountered in medical practice.
- **Fitzpatrick's Color Atlas of Clinical Dermatology** – Recognized as the world's #1 visual atlas of dermatology, this landmark digital reference facilitates visual diagnosis by providing color images of skin lesions, plus a summary outline of skin disorders and diseases.
- **Differential Diagnosis Tool** – This invaluable reference provides more than 1,000 diagnoses through Diagnosaurus®, a unique tool that efficiently allows users to browse by symptom, disease, or organ system at the point of care.
- **Pocket Guide to Diagnostic Tests** – This handy guide is a quick reference to the selection and interpretation of commonly used diagnostic tests include laboratory procedures in the clinical setting.

The AccessMedicine App is available to users at institutions with an unlimited site license. For download and continued access to the app, the user must have an active My Access account and sign in every 90 days through your institution, either on-site or through a VPN.

For more information, please email your representative at digitalsales@mhedu.com or visit mhmedical.com and accessmedicine.com.

How to create a FREE MyAccess Personal Account

Creating your own MyAccess account has many advantages that can help you unlock a higher level of functionality as an AccessMedicine subscriber. It allows for greater personalization and access to a wide range of exclusive subscriber benefits that are only available with a MyAccess account. Sign up to create your account today. It's easy!

Here's all you need to do to get started:

1. Navigate to the AccessMedicine homepage.
2. Click on your institution's name inside the drop-down box in the upper right-hand corner of any page. Once there, click on "Create a Free Personal Account."
3. A new window will appear. Click on the "Don't have a MyAccess account" link.
4. Fill in the registration form under the heading, "Create a MyAccess Account."
5. Press the CREATE ACCOUNT button and you're ready to enjoy the benefits of having a My Access account. (To keep your MyAccess account active, you must sign in every 90 days through your institution, either on-site or through a VPN.)

Once you have an account, you can do all this:

- > Download the NEW AccessMedicine App that puts the resources of AccessMedicine in the palm of your hand 24/7 delivering indispensable support and invaluable point-of-care solutions for clinical practice through innovative digital features*
- > Gain remote access to your subscribed site(s) using just your MyAccess account credentials. No extra log-ins or VPNs required!
- > Gain access to the Pharmacotherapy Casebook Instructor's Guide on AccessPharmacy
- > Access Self-Assessment to create and save practice tests
- > Use the Cases to evaluate real-world patient scenarios
- > Access Custom Curriculum (if it's being used by your program)
- > Save and download images
